Pink Friday ** March 13, 2009 Stand Up For Schools

Cuts of \$11.6 billion to K-12 schools unlike any in California's history

California's students already live in a state that ranks 47th in the nation in per-pupil spending. The new budget will cut nearly \$2,000 per pupil, giving California the dubious ranking of "last in the nation" in spending per student. We already have some of the largest class sizes in the nation.

On March 13, tens of thousands of pink slips will be issued to teachers and other school employees statewide, doing irreparable damage to our public school system, and shortchanging an entire generation of students of the quality education they deserve.

What you can do:

It's this simple: **WEAR PINK** on Friday, March 13, to show your support for public schools, students and educators.

ATTEND AN EVENT at a school near you.

Get involved today at www.PINKFRIDAY09.org.

- * Set up a profile
- Search for events
- Read how cuts are affecting California schools
- Share how cuts are impacting your child's education
- Connect with other public education supporters
- Make a difference

March 13, 2009, marks the day that layoff notices will be sent to thousands of California educators as local school districts are forced to make drastic cuts.
