Board of Education Campaign Takes Off Elect Carlos Cerdan & Liliana Magaña

Liliana: As a product of the Montebello Unified District, I am invested in returning the guidance and opportunities this district gave me. My family, my friends and my community are products of our Montebello Unified School District and I would like the opportunity to ensure that future generations of all abilities will have a well assembled public educational system by making decisions that will impact our educators, our staff, our students and our communities in a positive manner.

Carlos: I have been a strong advocate for public schools, students and working families for many years now. Likewise, I have been involved in many grassroots activities in support of public education in numerous campaigns. I believe that public schools are the best way for families to lift themselves out of poverty. For that reason, a school board must be responsive and receptive to the needs and goals of all interested parties.

SUI Superstars Presented Last Tuesday!
