## Bargaining Update 2022 Class Size & Caseload Bargaining Will Continue

The Bargaining Team met with the District Friday, May 27 and Thursday, June 2 to negotiate a 2022-2023 Class Size Memorandum of Understanding. Bargaining Chairperson Paul Chavez (SHS) reported progress toward mutual agreement. The two teams will meet again Tuesday, June 7.

The expiring 2021-2022 Return to School Memorandum of Understanding includes class size and caseload limits. The Association seeks lower limits and stronger protection against overages.

Members will be notified if an agreement is reached. A virtual informational meeting will be set, and a ratification ballot will be distributed. Continue to check your email (including your spam folder) for updates.
