According to Education Code 49066: When grades are given for any course of instruction taught in a school district, the grade given to each pupil shall be the grade determined by the teacher of the course and the determination of the pupil's grade by the teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetence, shall be final. If a parent, student, or administrator challenges a grade the teacher has the right to defend the grade. An Association representative should always be present at such a challenge.
